**NEWS LETTER**

**The Regency Times**  
**II Term 2023 - 2024**

**FROM THE PRINCIPAL'S DESK....**

“Every block of stone has a statue inside it and it is the task of the sculptor to discover it.”

When asked about his inspiration in sculpturing a statue of an angel, Michaelangelo said: “I saw the angel in the marble and carved until I set him free.” The task of the faculty and administration of a school is to recognise the abilities and gifts in each child and nurture these in a unique way, in order for the students to realise their full potential. For some, this involves excellence in academics, sports, cultural performances, artistic endeavours or literary activities. For others, it may simply be to develop self-confidence, good people skills, or to understand themselves better.

In the first year of taking charge as Principal of The Regency Institutions, I was faced with the daunting task of continuing and consolidating the existing values and good practices and also bringing in new innovations and ideas for fostering growth. The sporting extravaganza, Khel Mahotsav for Kindergarten and higher classes, was a display of our emphasis on health, fitness, agility and sporting abilities of our students. The school hosted two major inter school competitions – the spelling and quiz competition, Mind Buzz and Future Bots Fiesta, an inter school Robotics competition. While Mind Buzz is a traditional annual inter school competition hosted by The Regency Public School, Future Bots Fiesta is a trend setter in this line. The school is privileged to have been chosen by the Karnataka Association of ICSE Schools, KISA, to host its first ever competition on Robotics. The event saw unprecedented participation of teams at the Sub Junior, Junior and Senior levels from over 30 ICSE schools all over Bengaluru. The technological prowess of students was revealed in the keen contests and close results which validated competitiveness and skill. It was wonderful to see Regencians making a mark in this new field. Over 200 participants, escort teachers and parents visiting the campus were deeply impressed by the infrastructure, amenities and facilities, achievements and organising ability of our dedicated team. Regular events like Graduation day, programmes on festivals, special assemblies, Grandparents Day were conducted with finesse. In the Kindergarten section, the “Show and Tell” event was a resounding success. Every student from Nursery, Prep 1 and Prep 2 displayed his/ her knowledge and clarity of concepts and skill of communication while parents marvelled at the total lack of stage fear and took pride in their child's development. The Regency PU college undertook field trips, excursions etc to various places and organised visiting lectures from eminent educationists to broaden the academic horizons and inspire the students to excel. Sporting and cultural events were also conducted in the college to provide a refreshing break from the rigour of studies and showcase the talent and potential of students. All these and many more are elaborated in this newsletter.

The Regency Group of institutions prides itself on treating each student as unique and customising and curating academic and co curricular activities to bring out the best in them. At the end of the academic session 2023-2024, I wish to thank all our stakeholders for their support and look forward to seeing the students reaching new heights through our innovative and exciting new ventures in the session 2024 - 2025.

Mrs. Rama Kartik  
Principal

### ADMISSIONS @ REGENCY :

'Intelligence plus character- that is the goal of true education.'

At Regency, we aim to do just that, as we believe that history is made within the school walls.

Admissions are open for the academic year 2024-25. The age limit for admission is 3 years for Nursery, 4 years for LKG and 5 years for UKG. Admissions for grades 2 to 10 will be based on a Proficiency Test in English, Languages and Mathematics.

Admission for PU-Science- PCMB & PCMC, with integrated coaching for KCET and NEET, and Commerce with value added courses is also open.

### KINDERGARTEN KALEIDOSCOPE

#### DIWALI CELEBRATION (9th November, 2023) :

Diwali, also known as the festival of lights, symbolizes the "victory of light over darkness". The kindergarten students of Regency celebrated this festival with joy and fervour. Our tiny tots learned that the victory of light over darkness can be achieved in many ways, like spreading joy, love, compassion, and togetherness. A fun activity where children coloured and decorated diyas creatively and artistically was organised.

#### GRANDPARENTS' DAY (18th November, 2023) :

The day was filled with an abundance of blessings, happy faces, excitement and cheer as the budding stars of Regency displayed their love and affection for their grandparents. The students of Nursery, Prep 1 and 2 participated in a multitude of songs and dances to welcome their grandparents. A lively interactive session with grandparents sharing anecdotes, answering quiz sessions and singing brought joy to all. The heart warming performance of the students and the innocent faces expressed heartfelt thanks for all the love received from the grandparents.

#### CHRISTMAS CELEBRATION (21st December, 2023) :

The tiny tots celebrated Christmas with students participating in a number of activities, including the making of Christmas decorations like handcrafted bells, Christmas cards, and decorating trees and stockings. The Nativity play familiarized them with the story of the birth of Lord Jesus. The joy of Christmas truly came to life as Santa Claus entered the classroom. The student's faces were filled with unbridled delight as they received candy from their beloved Santa. The red and white attire added to the festive look.

### SHOW AND TELL ACTIVITY (20th January, 2024) :

The above activity helped the students to build their self-confidence and self-esteem. It enabled them to improve their descriptive skills by communicating feelings, thoughts and emotions with words. They explained the concepts learnt by them, talked about their favourite toys, festivals and enacted roles of community helpers. They were excited to share the descriptive narration and waited eagerly for their turn to show and tell. Thus, this event helped our tiny tots to build their social, emotional and language skills.

### TINY TOTS KHEL MAHOTSAV (2nd March, 2024) :

Under the radiant sun and amidst the fluttering flags, our little champions gathered at the NTI Grounds for a day filled with excitement, camaraderie and boundless energy. The event commenced with the arrival of our esteemed dignitaries followed by a warm welcome speech that set the tone for the day's festivities. The lighting of the torch symbolized the spirit of sportsmanship and unity, marking the official commencement of the event as our young athletes took the oath, pledging to participate with integrity and respect for their fellow competitors. The drill display showcased their agility and coordination, captivating the audience with their synchronized movements. As the event drew to a close, cheers and applause filled the air as medals and trophies were awarded to our deserving winners, acknowledging their hard work and dedication.

### GRADUATION DAY (16th March, 2024) :

The festivities commenced with the enchanting 'Grand March' as our graduates proudly paraded in their attire, radiating joy and excitement. This was followed by a soul-stirring 'Invocation Song', setting a harmonious tone for the day's proceedings. A warm 'Welcome Speech' was delivered, extending gratitude to all present and recognizing the invaluable contributions of parents and teachers. The ceremony continued with the solemn 'Honouring of the Graduates', acknowledging their growth and accomplishments. The event was a resounding success, filled with heartfelt moments and cherished memories.

### CELEBRATIONS @ REGENCY SPELLBUZZ(30th October, 2023) :

The Spellbuzz prelims drew a number of enthusiastic participants, out of which a chosen few reached the finals. There was an interesting array of rounds in the finals, like 'Peck and Pick', 'Razor', 'Frame Game' etc. which tested the mettle of the spellers. It was a close contest between the teams, as they battled it out for the top spot.

### TECHNO HUB (3rd November, 2023) :

Our students from 8, 9 and 10 ICSE participated in Techno Hub 4.0, an Interschool Cyber Fest, held at MES Kishore Kendra Public School. There were 5 categories of events: Kode, Kryptocode, Lanwars, Multiversus and Quest.

The following students won the 2nd place in Quest :  
Manasa Raghavendra and Ananya C. (9 – ICSE)  
Devtha K. Dhanesh and Jiya K.S. (8 – ICSE)

### KHEL MAHOTSAV (10TH November, 2023) :

The HMT ground buzzed with excitement as we held our annual sports day, aptly named 'Khel Mahotsav'. The energetic atmosphere was palpable, with students from all grades participating with enthusiasm. The day began with a vibrant march-past by the different school houses, their colourful uniforms and synchronized steps setting the tone for the competition. A variety of athletic events followed, including track and relay races. The cheering from the sidelines reached a fever pitch as each team strained for victory. The closing ceremony saw the distribution of prizes to individual winners and the house with the highest overall points. The winner was Emerald House with Sapphire House being the runners up. Khel Mahotsav was a resounding success, fostering a spirit of healthy competition and school pride. It served as a reminder that sports plays a crucial role in the all round education of a student.

**CHILDREN'S DAY CELEBRATION (15th November, 2023) :**

Children's Day celebration was a jubilant affair filled with laughter, excitement, and boundless joy. Colourful decorations adorned the corridors, creating a vibrant atmosphere. Delighted faces beamed with innocence and the teachers engaged the students with playful activities and games. Heartwarming performances by talented teachers captivated the young audience. It was a day of endless fun and merriment, where every child felt cherished and celebrated.

**KANNADA WORKSHOP (17th November, 2023) :**

Ms. Pavithra and Ms. Saritha of the Kannada department attended a workshop at Mallya Adithi International School, Yelahanka. The topics covered included Kriyatmaka Kalike, Kalpanika Kathe, Kannada Bhasheya Olavu and communication through mind map. The Chief Guest was Dr. H. Satyanarayanan, an eminent Kannada Professor, literature critic and author.

**PARIKRMA INNOVATIVE CONCLAVE 2024 (28th November, 2024) :**

The students of grades 8 and 9 participated in this programme. The aim of the event was to put forth innovative ideas that impact climate change which included the development of new technology for improving good practices and eradication of unwanted practices. The briefing was done at Oxygen City in Doddaballapura. The students were then given some time to come up with ideas for the same and a platform was provided to showcase their innovations on 8th February at The Hotel Capitol, Bangalore, which was greatly appreciated by one and all.

**ANTI-BULLYING AWARENESS WEEK (27th November – 1st December, 2023) :**

The above initiative was organized to increase awareness among the students about bullying in the school premises. It ensured that the students were empowered and provided with opportunities for open discussions, reinforcement of positive behavior and fostering a climate of trust and respect. This was a successful endeavour in many ways.

**KANNADA RAJYOTSAVA CELEBRATION (29th November, 2023):**

The Rajyotsava celebration was a vibrant and exciting event. The students put up an amazing show with their energetic dance performances and a medley of melodious songs. The whole school was resplendent in yellow and red and the entire atmosphere was filled with enthusiasm and a sense of pride for our state, Karnataka. A Kannada quiz competition was also conducted as a part of the celebration.

### SCIENCE OLYMPIAD FOUNDATION EXAM (November 2023) :

A total of 495 students wrote the SOF exam on various subjects like English, Science, Mathematics and Computers. We are proud to share the fact that many of our students won the gold medal for their achievements, have qualified for the next level and are awaiting their results.

### MINDBUZZ @ REGENCY (2nd December, 2023) :

On 2nd December 2023, Regency, in collaboration with Q-Shala, organised its fifth edition of the Interschool Mind Buzz which included Q-Buzz for seniors and Spellbuzz for juniors. Many reputed schools of Bangalore participated in this event. The school quadrangle resonated with general knowledge facts and vocabulary skills beyond compare. As the competition gained momentum, the atmosphere was filled with the quest for word challenge and a thirst for semantic awareness. It was undoubtedly a feast for the senses.

### D.V.G. KAGGALA UTSAVA (13th December, 2023) :

The above competition was conducted by the Rotary Club of Vidyaranyapura. A total of 20 students from grades 4 to 10 participated in this event. The prize winners and the teachers were awarded with DVG Mankuthimmana Kagga books.

### KISA FUTURE BOTS FIESTA (15th December, 2023) :

Regency proudly hosted the interschool Robotics Competition named Future Bots Fiesta, under the aegis of KISA (Karnataka ICSE Schools Association). This event brought together students from various ICSE schools in the state to showcase their technical skills, creativity and problem-solving abilities in an enjoyable and competitive environment. A wide range of events and activities were designed to cater to students of different age groups and interests including:

1. Speed masters for Sub juniors (grades 6-8)
2. Line Bot Race for Juniors (grades 9&10)
3. Sumo Showdown for Seniors (grades 11&12)

The winners of each event were felicitated with prizes and certificates. We are proud to share the fact that our school won the overall championship in this competition. It provided a platform for students to explore their technical talents, learn from each other, and gain valuable insights into the world of STEM. The event also fostered a spirit of collaboration and innovation among the young minds.

### CHRISTMAS CELEBRATION (21st December, 2023) :

Christmas celebration at Regency was a grand affair. The students from grades 5, 6 and 7 enthusiastically participated in different programmes like skit, dances and carols through which they spread the message of love and joy. The skit highlighted the Nativity scene where students enacted the birth of Jesus Christ. The school was decorated beautifully while the students were in colourful attire. The audience was delighted when Santa Claus came on to the stage with elves and danced to the song 'Jingle Bells'. The celebration united the entire school community in a spirit of love and togetherness.

### MATHEMATICS DAY (22nd December, 2023) :

To help build self-confidence and strengthen problem solving skills in this vital subject area, Mathematics Week was observed from 18th to 22nd December, 2023. Various activities and competitions were conducted in which the students participated with great zeal and enthusiasm. To make the students thorough with tables, Stable with Tables was conducted for grades 2 to 8. An exhibition in Mathematics wherein working models displayed by the students of grades 8 and 9 was the highlight of the event. A Math quiz was conducted on 22nd December for grades 7, 8 and 9 in order to commemorate the birth anniversary of the great Indian mathematician, Srinivasa Ramanujan.

### INTERSCHOOL KAGGA COMPETITION (6th January, 2024) :

The Rotary Club of Vidyananyapura conducted an interschool Kagga competition at NTI Ground. 20 schools participated in this event. The winners from Regency are:

1. Harshavardhan .R (4A): First prize in junior category
2. Buvi.S.Hegade (8A) : Third prize in senior category

**FAREWELL FOR GRADE 10 (6th January, 2024) :**

The farewell organized by the juniors for the outgoing students of grade 10 was a heart warming and thoughtful gesture. The juniors left no stone unturned in ensuring that the event was well planned and executed. They showered the outgoing students with love and appreciation through beautiful speeches, personalized gifts, and emotional performances. The farewell was a perfect blend of nostalgia, laughter, and bittersweet emotions, making it an evening to remember for everyone present. The seniors were deeply touched by the efforts made by their juniors, making the bond between them stronger.

**SANKRANTI CELEBRATION (13th January, 2024) :**

A special assembly was hosted by grades 2 to 4 to mark the auspicious occasion of Makara Sankranti festival. The programme showcased the ways in which the festival is celebrated across the country. It also highlighted the significance of the different rituals associated with Makara Sankranti.

**GRADUATION DAY (3rd February, 2024) :**

The much awaited and a remarkable event in the calendar year of Regency was the commemoration of the Graduation of Grade 10. The function kindled a mixture of emotions in all. Special awards were given to students for their contribution and efforts, showcased in their long journey of learning at Regency. The Chief Guest for the day was Ms. Anuradha TK, an eminent scientist and the first woman satellite project director at ISRO. Her talk gave insights on India's achievements in the field of space which greatly motivated our outgoing graduands.

**R-SPLASH SUPER SUNDAY CARNIVAL (11th February, 2024) :**

The R-Splash, the unique Regency carnival celebration, was a lively extravaganza event. The ground was bustling with energy and excitement with the old and young alike eager to participate and enjoy the thrilling games and activities. The stalls were decked with vibrant banners and colourful bunting. Foot tapping music by the DJ filled the air, adding to the festive ambience and creating an atmosphere of pure delight. The aroma of delectable snacks was too tempting to resist. It was indeed a spectacular day filled with joy, exhilaration and laughter.

**PARIKRMA FESTIVAL OF SCIENCE (23rd to 25th February) :**

A three day programme on Artificial Intelligence was conducted at the BWSSB Auditorium, Malleswaram, and various other institutes, to make the students aware of the increasing importance of AI in various fields. The students from grade 8 participated in this event. They learnt about the role of AI in the field of agriculture, weather, traffic, cooking etc. They were asked to develop innovative ideas that could be adopted for a better way of life.

**FIELD TRIPS :**

Field trips help to enhance classroom education and also provide a hands-on experience for the students. Keeping this in mind, field trips for various classes were arranged, which provided a welcome change for the students.

## EVENTS OF REGENCY PU COLLEGE

### STEAM FAIR (16-18 May, 2023) :

A three-day workshop was organized at KSTA Bangalore, an annual fair at ISRO, Department of Science & Technology (DST). The fair promotes and nurtures science and scientific research among young Indian innovators. The students of II PUC (Science) along with the Vice Principal Dr. Gurusiddesh, Ms. Ashika (Physics lecturer) and Ms. Rani Prathibha (Mathematics lecturer) participated in the workshop.

### ENVIRONMENT DAY (5th June, 2023) :

Venue: Chikkatti Group of Institutions, Gadag.

To create awareness about the harmful effects of plastics and to beat plastic pollution, 13 students along with Dr. Gurusiddesh and Miss Sahana actively participated in the session. Keerthana, K of II PUC (Science) addressed the gathering on the theme 'Beat Plastic Pollution' while Dr. Gurusiddesh enlightened them on the importance of medicinal plants.

### MUSEUM INAUGURATION AT GKVK (3rd August, 2023) :

All the students along with the faculty members attend the inaugural session. The programme was presided over by the Honourable Governor of Karnataka. Students visited the museum and obtained inputs about the agricultural practices in India and value-added products of various agricultural raw materials.

### SCIENCE EXHIBITION (30th September, 2023) :

Vijaya College, Jayanagar, organized a science exhibition, during which they demonstrated various experiments in physical, chemical and biological sciences. The students of the Science stream learnt about various hands-on phenomenon taking place around us and witnessed the mobile planetarium shows.

### ISRO VISIT (30th October, 2023) :

All the students got an opportunity to visit the UR Rao Satellite Centre and obtain valuable inputs about the latest happenings in space research and the launching of satellites by the scientists there. They also had a one-hour session on the growth of ISRO.

**SBI VISIT (26th, 27th and 31st October, 2023) :**

To create an awareness of the banking activities in the young minds of Commerce students, a three day visit was organized to the SBI during which students obtained an insight into the mode of operation and transaction of the bank, the different types of accounts and demat account details.

**GVK KKRISHI MELA (17th November, 2023) :**

The Krishi Mela is organized every year to create awareness in agricultural practices and new technology in the field of agriculture. All the students were taken to visit the mela where new breeds of animals, new techniques, varieties of genetically modified crops and various implements related to agriculture were displayed.
