**The Regency Times
I Term 2015 - 2016**

From the Principal's desk

Hello everyone,

Greetings once again from The Regency Public School!

It is that time of the year where I get to say hello to the most important stake holders of our school, the Parents!

Welcome to our School which is a 'world in miniature' - where one receives training for life. It is also a place where effective and meaningful learning takes place. It is here we learn to rejoice in our victory, to accept challenges and to face success and failure with equal aplomb.

Before the school reopened, the teaching community of our school met and invested time and energy in charting out the course they would take in imparting knowledge in a joyful and effective way. So as such, we have had a very eventful first term, the happenings of which are detailed in the pages that follow.

I would like to highlight one important achievement that we have added to our existing ones! The Tab Lab! We have invested in 30 tabs and children have taken to it like fish to water! They manipulate the tab so efficiently and at the same time learn the concepts thoroughly.

'If we teach today as we taught yesterday, then we rob our children of tomorrow'

This adage clearly highlights the importance of updating our methodology in keeping with the times! Our teachers have also been given the necessary training and tools to use technology effectively in the classroom. But please remember that....

"Technology will not replace teachers, but teachers who use technology will replace those who don't!"

As a Principal, I would like to offer a few tips for parents that I believe every educator would want them to know.

- Engage in conversation about what happened in school every day with your ward.
- Read notes sent through the diary. Diary is the primary form of communication between the teacher and the school.
- Contact the teacher immediately if you have concerns.
- Value your child's education and express the importance of it every single day.

Hope all of you had a relaxing and productive holiday. Looking forward to more co operation and involvement from the parents in the second term where exciting things have been planned.

Good bye until we meet again.

With regards,

Usha Ravi.

**ADMISSIONS OPEN FOR THE ACADEMIC YEAR 2016 - 17
FOR ALL CLASSES. KINDLY APPROACH THE OFFICE.**

25TH MAY 2015

After a very refreshing and rejuvenating summer break, we ushered in a new academic term on 25th May 2015, on a very positive note.

The staff room echoed with an excited flurry of voices, all thanks to a very impressive facelift given to all teachers' work station, which charged up the spirits of one and all. We believe that the backbone to any educational institution is a happy group of creative teachers working in a stress free atmosphere and this initiative was a small step in that direction.

Staff Room Beautified !

Teachers attended a welcome meet addressed by our Principal, Mrs. Usha Ravi. She shared the details of the wonderful results scored by both SSLC and ICSE students of 2014-15, and all teachers expressed their eagerness in making 2015-16 a more fruitful year.

KUDOS to all teachers of REGENCY PUBLIC SCHOOL for the wonderful results.

The following are the results of S.S.LC and the I.C.S.E batch 2014-15:

Grade- X -(STATE) MARCH 2015	Grade- X -(ICSE) MARCH 2015
English – ADITI DRAVIDA - 96.8%	English – DHARSHANI PRIYAA – 90%
II Lang Kan – AMRUTHA P & SAGAR N.S - 98%	II Lang – Kannada - MONICA SAI-99%
III Lang Hindi –V. M. HARIPRIYA - 99%	II Lang –HINDI - SMITHA .R - 92%
Mathematics – AMRUTHA .P - 100%	HCG – SMITHA .R- 90%
Gen.Science – AMRUTHA P - 94%	Mathematics – JAINULAFDEEN.T and SMITHA .R- 94%
Social.Studies – AMRUTHA P-99%	Gen.Science - JAINULAFDEEN.T- 95%
	Electives- Phy Edn.– JAINULAFDEEN.T and MANEESH.M- 97%
	Electives- Comp. Appl.: MONICA SAI -95%

A panoramic view of events through the year:

Kindergarten Events

The teachers of Pre KG and Nursery attended a workshop on 'EFFECTIVE USE OF MONTESSORI MATERIALS' for efficient teaching and learning conducted by Mrs.Radhika Mehendale, in the conference room. She threw light on the Montessori philosophy as a system which simply provides the experiences from which children create their own knowledge.

Advantage Montessori

She reinforced the effectiveness in the use of various teaching aids and the vast collection of multi-sensory, sequential and self-correcting Montessori materials available at school..She emphasized on how these aids help in the overall development of the child.

A WORKSHOP ON PARENTING:

Ms. Rajeshwary Nag from The Banjara Academy conducted a very insightful workshop on “the art of good parenting”. She emphasized that 'Parent'ing is a gift of God and more important than being a logical parent, we need to be loving parents. Parent should instill in children a love for values rather than for material things. The best parenting is giving unconditional love to our children through all ups and downs of their life and spending quality time with them.

Parent Talk

6th July, 2015, marked a new chapter in the school history when an exclusive Montessori class room started functioning, for the kindergarten children.

Montessori is a method of education that is based on self directed activity, hands on learning and collaborative play. Our intention is to develop the fine motor skills of the children. In the Montessori class room children make creative choices in their learning and the teacher offers age appropriate activities to guide the process.

DHiE in association with the Ranga Shankara theatre group organized a special event on the **“Importance of theatre in the lives of children”**. Eminent theatre personalities Ms.Arundhathi Nag and Mr. Girish Karnad graced the occasion.

Our School Secretary Mrs.Navaneetha Reddy and Principal Mrs.Usha Ravi attended the programme and found the nuances of theatre a wonderful learning platform for teachers and students alike. They were amazed at the two short plays “The Incredible Mullah Naasruddin” and 'Gumma Banda Gumma “(Kannada) that were featured as part of the session and came back enriched by this experience .

Colours day : 31st of July :One of the most interesting and perhaps the hardest concept to teach a child is “colours”. As they love and find anything bright and colourful to be interesting, our innovative Pre Primary team of teachers left a long lasting impression of the Primary Colours “-Red, Blue and Yellow”, in the minds of the tiny tots of Nursery, Prep I and Prep II, by celebrating the “Colours Day” on a grand scale.

On this day, the tiny tots dressed up in colourful dresses, sang a song about their particular colour, and further strengthened their colour recognition skills. The little ones enjoyed their day to the fullest.

Fruit and Vegetable Salad Day: 23rd July and 11th Aug:

With an objective to create awareness among children and parents about the importance of consumption of fruits and vegetables in our regular diet, our Prep I. students observed the vegetable salad day on 23rd July and the Prep II children celebrated 'Fruit Day' on 11th Aug 2015.

Teachers explained to the little ones that junk food makes them obese and reduces resistance to fight diseases, whereas a diet rich in fruits and vegetables would stimulate memory and help fight infections. The intention of this activity was to promote children to “eat healthy and think healthy”.

FIELD TRIPS

The world is in reality, a true classroom. Learning can, and should, happen everywhere. Field trips have been a part of our education for many years. We believe that a carefully planned and integrated field trip offers tremendous learning potential for our students. To act on our belief, we organized a few educative field trips, in the first term.

K.G field trip: 7th August

As a part of Educative field trips, the students of the kindergarten visited the nearby Jaya Prakash Narayan Park, popularly known as JP Park. The children had a great time and were excited at the sight of clay models of animals and humans. In the midst of greenery they had fun in the play area as well.

Field trip Grade I, Sinchana farm 19th August :

A field trip was organized for first graders to SINCHANA FARM which is located in Yelahanka. There the children enjoyed watching the farm life and saw different breeds of goats and sheep. It was an invigorating outing, beyond the hustle bustle of city life.

Field trip grade I and II: UNIBIC Biscuit Factory

A field trip was organized for Grade I and II to UNIBIC BISCUIT factory, at HUSKUR ROAD, on 10th and 11th August.

The students had a wonderful experience. They were very curious to know how different varieties of biscuits were manufactured using different ingredients and flavors. They were taken around the factory to show the various stages and the different machines involved in the making of the delicious biscuits which they relished too. It was an excellent trip enjoyed by both the teachers and the students alike!

**September 19: Grandparents' Day:**

The Kindergarten Section of our school, celebrated Grandparents' Day on 19th September, to recognize and appreciate the role of grandparents in a child's life.

Children made the day special for their grand parents by imparting their love and affection through songs and dance.

The grandparents were treated to a variety entertainment programme, put up by their grandchildren which they thoroughly enjoyed. The Grandparents also participated with childlike enthusiasm in various games such as lemon and spoon, balancing the book and musical chairs that were arranged for them.

It was then time to visit the classrooms of their beloved grandchildren, to eagerly sit beside them and get a feel of their day-to-day activities and to join them in a colouring activity.

Many grandparents shared their feelings to say that it was an unforgettable experience for them.

5th JUNE 2015: WORLD ENVIRONMENT DAY (A REPORT)**“BETTER ENVIRONMENT, BETTER TOMORROW”**

Environment has become the most discussed issue the world over. Through our thoughtless actions, we are senselessly destroying our environment. If we are to preserve it for our future generations, we need to act as responsible members of society.

Our students too are not far behind in doing their bit for the Environment. In keeping with our vision of creating responsible Global Citizens, Regency Public School celebrated “The World Environment Day” on June 5 2015. The aim of the event was to create awareness among the students about the Environment and inculcate a sense of responsibility.

The event comprised of two parts. The day began with a special assembly organized by the students of grade VII, wherein the students tried to bring about an awareness on different Environmental issues by putting up a skit, songs and speeches which definitely gave the students some food for thought.

Various Competitions took place on 10th June, Wednesday from Class Ist to IVth and for Vth to IXth on 12th of June, Friday in their respective classrooms.

We have the list of winners who excelled in their performance for the events that took place in view of “Environment Day.”

Congratulations, to all....!!

Workshop on Detailed Assessment Program was conducted by Ms. Sindhu from ASSET (DA) on 6th June. The workshop was very informative and threw light on the Detailed Assessment Program.

The teachers were guided on how to operate the software which is very user-friendly, self-explanatory, and conduct Assessments, generate reports, and analyze the reports, student-wise and class-wise. The workshop enhanced their knowledge on the ways to improve the quality of teaching and also find out the shortfalls in teaching by analyzing the reports.

School Council Elections 14th June:

A well represented School Council is a sign of setting sound democratic values early in life. Towards this end, we had a very fair round of selection and nomination of candidates. The nominated contestants gave their campaign speeches during the morning assembly, and also students could be seen campaigning by going personally to all the classes and requesting for votes.

We had a truly democratic election process too wherein students voted for their favourite candidates, with secret ballot papers.

School Investiture Ceremony, 19th June:

"If your actions inspire others to dream more, learn more, do more and become more, then you are a leader." – John Quincy Adams.

On the fine morning of 19th June, a team of deserving young leaders of our school were bestowed with the responsibility of leading their school from the front with their commitment, confidence and competence.

The Investiture Ceremony thus marked the inaugural of the Student Council for the academic session 2015-16. It was a solemn occasion where the young students were all prepared to don the mantle of leadership and discharge the responsibilities entrusted upon them by the school.

With the vigorous beats of the drums and a march playing, the new council marched in procession escorting the Chief Guest for the day, Mr. Chittibabu, a well known Cricket Coach in Bharath Electronics Limited. The student council led by school captains NAWIN SIDDHARTH AND KRUTHIKA, were conferred with their badges and sashes one by one and were formally handed over their portfolios by the guest in the presence of the august gathering and our Principal.

Our Principal Mrs. Usha Ravi, administered the oath of office and the members of the council pledged to adhere to the values and principles upheld by the school.

The Chief Guest Mr. Chittibabu addressed the assembly and spoke on the role of a leader in today's society.

3rd July: One of the most joyous days in the Islamic calendar is, Eid ul-Fitr or Eid, a celebration that marks the end of Ramadan (a holy month of fasting observed by Muslims).

A special assembly on 'Ramadan' was held to celebrate and educate students on importance of good manners and Adaan in Islam.

The programme started with the recitation of Surah Luqman, followed by a skit on Islamic manners. Azhar of grade 7 gave Adaan and students from class 8 came out with the meaning of Adaan. Students from class 4th to 9th sang a Naat and concluded the programme.

As a goodwill gesture the group donated a book on 'ISLAM' to the school library.

Library week July 20th-24th: "Lives Change @ your library."

Books are a veritable treasure-house of knowledge! Keeping this in mind, we have a well-stocked library with books of all genres, catering to all ages and tastes. In order that the seeds of reading may be sown at an early age, we have set aside one week in each academic year as the 'Library Week' with a lot of funfilled activities.

This year too, the much awaited Library Week was launched on the 20th of July 2015 in the assembly with a song and a small quiz about some famous books and their authors.

To encourage the students to invest quality time in reading books, we at Regency celebrated School library week, from 20th July to 24th July this year with many creative and interest boosting activities for various levels, our objective being to reinforce the love for books.

The major activity was book reading of some famous authors like Shakespeare for grades 6-8. Students created a folder with a colourful cover page, depicting their chosen play and did worksheets based on the same storyline. Storytelling sessions and quizzes were conducted in Kannada and Hindi as well.

Class 1-4

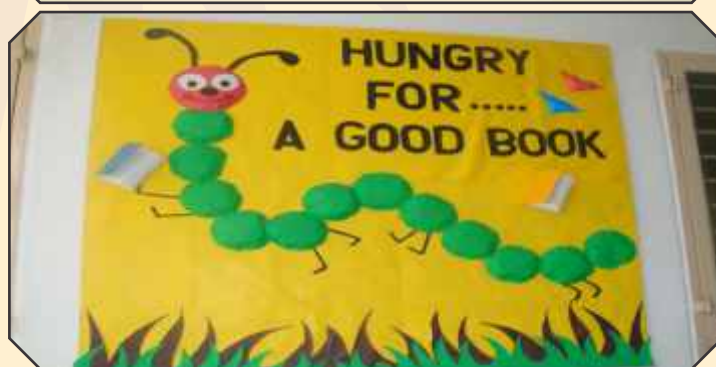

We observed library week from July 20th-24th. On 20th there was a story telling program by Ms. Rajeshwary Nag of Banjara Academy for class I&II. There was also a story reading session by respective class teachers in their classes.

On 21st July, the children were treated to a movie based on a fairy tale. The next day students attempted a creative and challenging worksheet, based on the same story and made a decorative book mark.

The event culminated with a fancy dress where the little ones dressed up as fairy tale characters, and spoke a few lines about themselves.

Class 4, students performed a skit on 'Akbar and Birbal'. The highly interactive Library Week concluded on 24th July 2015 with a movie-screening session for all the classes.

A huge WELL DONE, to all involved and thanks goes to all of our teachers for making it a grand success.

GRADE 9: NEWSPAPER MAKING:

As part of the library week, Grade 9 A and B students embarked on an exciting competition of creating a School Newspaper, reporting on the happenings in and around school, anecdotes, creative articles, fictions, comic strips and funny advertisements ,created completely unaided by computer or software.

From each section students were divided into groups of 10 each, and they in turn became editors, cartoonists and sports columnists and created very catchy logos and names for their Newspapers and also some rib-tickling news articles. It was a wonderful experience for the budding journalists.

INDEPENDENCE DAY CELEBRATIONS:

13th August: A special assembly was held, in view of the approaching Independence day, to instill in the little ones , love and respect for their Nation and to sensitise the little minds, to the value of freedom and the struggle that our brave freedom fighters went through.

The assembly began with an invocation song, followed by a welcome speech by Bhargavi Sujana of 10A ,who spoke a few words about the importance of the Independence day.

The following programmes were presented –

GRADE 1 AND 2: Danced to the tune of melodious patriotic song

“MILE SUR MERA TUMHARA “.Students dressed in the various state costumes,depicted unity in diversity.

Kindergarten students dressed in fancy dress featured various freedom fighters and National leaders .

High school students presented a skit on “Chandra Shekar Azad”.

On the 15th of AUG 2015 , the Independence day special assembly (FOR GRADE 4 TO 10) to mark the 69th Independence Day of the country, created an ambience of patriotism. A beautiful installation at the entrance carried the patriotic fervor and aspirations of students of grade 8-10. They gave a wonderful testimony to their love for the nation by giving short write-ups on “India of my dreams” and “My contribution to make India a great nation” ,which was very tastefully displayed in the school lobby.

The programme began with the hoisting of the Indian tricolor by our School Secretary Mrs. Navneetha Reddy, Principal Mrs. Usha Ravi and other special invitees and the proud rendition of the National Anthem . Scenes from Jallianwala Bagh massacre, Bhagath Singh's famous court scene and Dandi March were recreated on the stage, amid great patriotic fervor.

The programme was well anchored by SOORYA AND PUNARVA OF GRADE 9

Competitions were conducted to exhibit student's patriotism, the events that took place were - “Drawing, Making Book Marks, Singing Patriotic songs, Stamp Making and Creative writing.”

The winners of the competitions are as follows:-

Handwriting Competition- September 2015

Handwriting is much more than an art of presenting oneself ; it's a reflection of our personality. We endeavour to imbibe the importance of good writing skills right from the early years.

To this end children of class I to class IX participated in the handwriting competition and showed their interest in presenting a good writing.

The winners of the Handwriting competition are as follows:-

S.no	Name of the Student	Class	Place	House

TEACHERS' DAY:

This is one day every year that we teachers really look forward to- a day when the students' love and affection for their teachers come to the fore. This year too, as always, our students surpassed themselves.

Teachers' Day was celebrated with great zeal and enthusiasm. The day started with a floral welcome of teachers who walked up to the stage amid tremendous applause and greetings from students. The anchors of the day were Kaustubh of grade X B and Bhargavi Sujana of grade X A. Keerthika gave a wonderful speech on the importance of the birthday of Dr.Sarvepalli Radhakrishnan.

All the teachers and Staff of the school were honoured by students with a scroll carrying a personalized message of affection and gratitude from their students, accompanied with heartfelt thanks for their commitment and dedication to the cause of education. The day had an emotional and recreational touch. The students did all the preparations with complete energy and excitement. There was a variety entertainment programme put up by the students- right from the tiny tots to grade10th std.Skits with messages of gratitude, melodious and foot tapping songs and graceful and trendy dances were the surprise treats in store for the teachers .The medley of dances had some jaw-dropping moments which invited encores from the audience-both teachers and students alike! After the programme, some of the students took up the responsibility of being teachers for the rest of the day, while the teachers were able to unwind and play a few games that included both physical and mental activities thoughtfully arranged by the students.

**Onam celebration 7th Sept :**

Regency welcomed Onam with a beautiful pookolam and lighted lamps. In a special school assembly, children took to the stage to sing, dance to some melodious Onam songs and also enacted the tale of King Mahabali.

“Maaveli naadu vaneedum kaalam, maanusharellarum onnu pole...”

(When King Mahabali ruled the land, all the people were equal) - a song that is sung by Malayalees everywhere in Kerala, and all over the world, was the highlight.

The concept of equality, righteousness and the universal values that bind people of all races together in harmony echoes in each verse.

Teachers in traditional Onam sarees added a special flavour to the festivities.

TAB-LAB [TABLET LABORATORY]

In our endeavour to update our teaching methodology and make our students tech-savvy, we at Regency School are proud to announce that we have introduced a TAB-LAB. Our Tab-Lab, equipped with 30 tablets, can cater to individual students of any class during the allotted lab period.

Every grade from Pre-K.G to grade 7 has two periods a week and grade 8-10, one period, for TAB-LAB. We hope that in future the tablets will find a place in the classrooms as well to aid in teaching and learning. Since most of the students are naturally inclined to gadgets, learning English, Science and Math skills through interactive lessons, exercises and activities, using tabs, will make their lessons all the more interesting.

ASSET (Assessment of Scholastic Skills through Educational Testing)

Regency continues to tie up with this scientifically designed, skill-based test, which focuses on how well the skills and concepts of the school syllabus have been learnt by the students. This year we had the test from Aug 5th to 7th, in English, Math and Science, for grade 3-10.

Detailed Assessment (D.A)

In addition to the ASSET EXAMS, we have also introduced a Detailed Assessment (D.A), for all classes from grade 3-8.

This is an online, topic-wise high quality, formative assessment test, customized to the curriculum of the school and provides reports and analysis to teachers and students within 24 hours of the test.

We have opted for four DA tests, two of which replaces the first and fourth unit test and the other two have been adopted as revision tests for each term, one before the mid-term and the other before the annual exams. These tests are conducted in the TAB-LAB.

SPORTS REPORT

CRICKET STARS OF REGENCY

Our Regency Cricket Team made us proud by winning the runners up trophy, for Under – 14, at BTR Tournament. Recently they were felicitated by the Cricket Association at Chinnaswamy Stadium. It was indeed a very proud moment for all at Regency!

A Badminton tournament was conducted by Leapstart on the 13th, 14th and the 15th of July 2015, in which eight students from our school participated and made their presence felt by their mettle.

CLUSTER LEVEL MATCHES, PLAYED AT REGENCY PUBLIC SCHOOL:

Throwball (3rd Aug. 2015): Both boys and girls teams participated. The girls team made us proud by winning the RUNNERS UP TROPHY, under the senior girls category, playing against Vidyapeeta Public School, while the boys made it to the semifinal stage.

- 1) Kho-Kho (4th Aug. 2015): Both boys and girls teams participated. The girls team lost in the semifinals to Narsipura Govt. High School
- 2) Kabaddi (6th Aug. 2015): Both boys and girls teams participated.
- 3) Badminton (8th Aug. 2015): Both the boys and the girls team played well to reach the semifinal where they lost.
- 4) Taluk level matches:
 - 1) Chess (20th Aug. 2015): Two boys and two girls participated and qualified to play in five matches. BOYS: Santhosh (8A) and Vijay .S (9A) GIRLS: Babitha S.N (9B) and Malavika (8A).
 - 2) Basketball (21st Aug. 2015): Both boys and girls teams participated. The girl's team reached the semifinals but lost out to Poornaprajna School.
 - 3) Football (27th Aug. 2015) : The boys team participated in the matches.

Other Interschool matches:

Throwball (29th Aug. 2015): Conducted by the Vinayaka Public School. The girls team secured the second place against Cauvery Public School.

Badminton : Conducted by the Vinayaka Public School. The Regency boys team was the runners up while the girls team won their match.

YOGA:

'Health' is not a mere absence of disease. It is a dynamic expression of life-in terms of how joyful, loving and enthusiastic you are. This is where yoga helps: postures, pranayama (breathing techniques) and meditation are a holistic fitness package. Yoga has gained international stature, thanks to our Hon'ble PM Mr. Narendra Modi's efforts in convincing the UN to declare June 21st as international Yoga Day.

At Regency, it has always been our endeavour to make Yoga a part of the school curriculum.

Our school Yoga team of 21 students, made their presence felt, when they participated in the Yoga Day Mass Demo at Kanteerava Stadium, in the presence of our esteemed Chief Minister Shri. Siddharamaiah and National Ambassador for Yoga, actress Shilpa Shetty. They were guided through various asanas and pranayama by Shri. Vachananandha Guruji.

We take great pride in placing before you the details of the participation and laurels won by our school under the able guidance of our yoga teacher, Ms. Dhanyalatha.

1) At the Cluster level Yoga competition held at Regency School premises, on 8th Aug, 2015, the boys team was placed first while the girls team were the runners up. The asanas like Urdhva Kukutasana, Purna Shalabasana, Sheshankasana and Vagrasana were gracefully depicted by our students.

2) At the Taluk level competition held at Sri Sai Vidya Mandir, Sriramanahalli, on 7th Sep. 2015, our boys team were declared the winners for their stupendous display of yoga techniques.

One of our students, Ritvik Rao of class VII A, participated in a Yoga competition at Bangalore Education Society, Malleshwaram and qualified for the District level, with his amazing display of yoga techniques. It was a proud moment for Regency as it was the first time in the history of the school that a student had qualified to participate at the District level.

**KISA DANCE COMPETITION:**

- Students of Class VIII and IX participated in KISA dance competition which was held on August 1st 2015 at Mitra Academy.
- The students put in their heart and soul in preparing for the competition and delivered an extraordinary performance at the event.
- The Theme for the Dance - "Vatsalya" (Mother's Love)

Elocution & Declamation Participant details (Presidency Challenge)

- Abhay.V. Nikkam of class VI A, recited the poem “The Raven”
- Shreya.S of class VII B, delivered a speech given by Swami Vivekananda.

Inter School Project on lake revival :Parikrma Science Festival

Last year, the Parikrma Festival of Science saw the coming together of 200 students from 20 different schools who collaborated together under the guidance of eminent scientists ,to explore and learn in an inter-disciplinary manner ,about the relevance of water in our lives and how to conserve it.

Ten students from grade 9A of our school participated and engaged in the various activities and came back enriched by this experience.

As a post-fest engagement, these students along with some students of grade 8, are participating in turns, on a lake revival project that the Parikrma Group will undertake at the Allalasandra lake with the support of YUVA(Yelahanka United Environment Association).

Regency is happy to be a part of this citizen-initiative and hope to work together to care and help revive our environment.

Report on Class Presentation:

We have a Rota system for assembly Class Presentation where every class gets two consecutive days to present a relevant theme. The classes convey a strong social message, by way of speeches, skits, songs, role play or dance , during assemblies.

This year the various themes presented were: Glimpses of Vijayanagar History (10A) Friendship (Lord Krishna and his childhood friend Sudhama's friendship) (10 B)

Lead poisoning: methods of prevention (9A) ; Mind power is more than muscle power (9B) Patriotism (8A) ; Swachh Regency (8 B) ; Contentment (7A).

Behaviour Tracker :

Establishing effective discipline practices is critical to ensure academic success and to provide a safe learning environment . To this end we introduced an innovative initiative to check the behavior and discipline of every class ,by a period-wise, daily rating by every teacher, at the end of his/her period, on a rating card displayed in each classroom.

The class which leads in the points tally earns an extra P.T period. This initiative is very much looked forward to by the students week after week and has enabled the teachers to streamline and involve students in their positive behavior management. Any class which tops for three consecutive weeks, wins a rolling trophy, in addition to two P.T periods.

Kudos to grade 7A, 8A and 10A, for winning a hat-trick, each !!!

House Points:

Regency takes pride in healthy competitions and we have divided the students into various Houses, to inculcate a sense of sportsmanship and competitiveness . The Houses are Amber, Emerald, Ruby and Sapphire.

To positively involve the house in building team spirit and a sense of purpose for achieving greater levels of competence, we began by allotting a bonus 500 points to each House, at the beginning of the term. From these bonus points, some points were deducted for late coming or uniform defaults.

This initiative has helped us to scale down defaulters to a great extent and recharged the inter house spirit of competition.

The present House Points, for the first term of 2015-16, are given below:

FIRST PLACE :SAPPHIRE -1338

SECOND PLACE :EMERALD – 1032

THIRD PLACE: RUBY-985

FOURTH PLACE: AMBER-959

CONGRATULATIONS TO THE LEADING HOUSE
–SAPPHIRE HOUSE !!!

A Proactive **Student Council** (STUCO) has been on their toes to help maintain the Behaviour Tracker and Late coming record. This involvement has boosted the various aspects of discipline in School

Shouldering responsibility - STUCO

The Regency P U College

Welcome to 'The Regency P U College. Our college offers two year courses in science and commerce. The science stream offers a combination of PCMB and PCMC. Under the able guidance of our Secretary Mrs. Navaneetha Reddy, the college has seen a remarkable growth since its inception. The mission of the college is to impart quality education by preparing students for the competitive world outside the classroom., not just education that is liberating and enriching but also to provide holistic growth to empower the students with skills necessary to earn a livelihood and the courage and the conviction needed to make a difference in the lives of those around.

The management would love to introduce Dr. Vasundhara, who is the Academic Principal, primarily focussing to scale the college to greater academic heights. She has dedicated over years of service in the education sector.

'It is really my privilege to get an opportunity to work at Regency. Together with my dedicated staff, I pledge to take forward the Regency Banner on the wings of trust, belief and faith that the parents have entrusted in us.' said Dr. Vasundhara.

Mr. Sambhashiva Rao is the administrative Principal and has been with us from June 2011. He has an experience of fifteen years in different colleges.

He would be partnering with Dr. Vasundhara in taking Regency College towards greater excellence.

Under the strict vigilance of the Academic and Administrative Principals, the College has been implementing integrated science and commerce courses.

The college has well equipped labs; a library and a computer lab with a centralised UPS back up.

A separate floor has been earmarked for the college.

For the commerce stream- CA CPT (Common Proficiency test) classes are being conducted thrice a week by a team of experienced Chartered Accountants which will help the students to crack the competitive exams.

For the science stream:

- (1) The college after assessing the capability of the students train them to excel in NEET/JEE Mains and CET.
- (2) These programs are conducted along with the Pre University Board Syllabus.
- (3) CDF- - Concept, Definition and formula program to strengthen their fundamentals.
- (4) Study hours are conducted only in the presence of senior lecturers.
- (5) Every Monday students take up competitive exams/ CDF.
- (6) Every Saturday week end test would be conducted on the board pattern.
- (7) Special attention will be given to those who are not up to class standard.

We reiterate that we will continue to do what we have always done: develop this college and the students with integrity and values, also to give our students the best opportunities and the best all round education. Our vision is to produce conscientious, smart and confident citizens of India who will go out into the world and make us proud!
